

Academic Advisement: What-if Report (AAR)

Documentation for Students

If you are thinking about changing majors, adding a second major, or a minor, and would like to see your academic requirements with these options, you can generate a “what if” report.

To generate a What-if Advisement Report, select “Create a what-if scenario”

My Academics

On the resulting screen, click on “Create New Report”

Your current major and any minors will pre-populate. Make any changes you want. You can also add courses that you may be thinking about taking to your “what-if” scenario by choosing from the course catalog.

After you have entered all of your “what-if” details, click “Submit Request” to generate a report.

Career Scenario

Select a career for which you want the change to take place.

Institution	Career	Catalog Year
Clarkson University	Undergraduate	Fall 2011

Program Scenario

The information that appears on the page by default is your current academic information. You can use the fields below to set up a what-if scenario based on one or more programs of study. You can define up to three scenarios.

Academic Program	Area of Study	Concentration
Undergraduate Engineering	Aeronautical Engineering BS	n/a
None	None	None
None	None	None

Course Scenario

Click the “browse course catalog” button and then select courses for inclusion in your course what-if scenario.
